Course details

Dates: 03 - 26 June 2019

Duration: 5 hours

Description: <http://www.europeanschoolnetacademy.eu/web/code-week-mooc>

Organiser: EUN Partnership aisbl (known as European Schoolnet), Rue de Trèves 61, B-1040 Brussels

Course content

Module: Transforming education with coding and computational thinking

Learning objectives:

1. Understand what coding and computational thinking refers to and to reflect about their role in the classroom and school
2. Understand why coding and computational thinking are relevant to our student's lives and their understanding of the world around them
3. Understand the variety of skills that can be developed while learning coding
4. Become familiar with the EU Code Week campaign and the opportunities it offers
